“With nearly three decades at LP, Jack has consistently demonstrated exceptional leadership, combining technical expertise with extensive operational experience and a management approach rooted in authenticity and accountability,” said Executive Vice President, General Manager of Siding Jason Ringblom. “His

proven track record and forward-thinking vision will be instrumental in driving success at our Siding manufacturing facilities, ensuring we continue to deliver high-quality products to our customers while achieving our ambitious objectives.”

Johnson joined LP in 1996 as a Quality Control Technician at the company’s LP® SmartSide® Trim & Siding facility in Newberry, Michigan. Over the years, he has held a variety of leadership roles at multiple mills and in regional operations, including Plant Quality Manager, Regional Quality Manager, Plant Operations Superintendent, Plant Manager, and Siding Quality Director. Most recently, he served as Senior Director of Regional Siding Manufacturing.

In his new role, Johnson will oversee all Siding manufacturing operations, focusing on the safe, sustainable production of high-quality products, regulatory compliance, and the achievement of our operational goals.

Before joining LP, Johnson worked as a Quality Control Technician at Trus Joist MacMillan, a former manufacturer of engineered wood products. He earned his Bachelor of Science in Wood Science from Michigan Technological University.
